Considering a Dental Benefit Contract?

Wish you had more information on

- dental/preferred provider organization?
- dental health maintenance organization?
- discount dental plan?

A clear understanding of contractual obligations is essential in a relationship between a dentist and a carrier. The ADA's Contract Analysis Service (CAS) can help provide you with information concerning your contract so you can better analyze its terms. The service analyzes:

- dental provider contracts with third party payers
- dental management service organizations contracts
- contracts that offer dental school students scholarships or loans in exchange for a commitment for future employment.

ADA members can utilize this service at no charge by submitting a copy of your unsigned contract and an analysis request through your state dental society. Members that submit requests directly to the service will be charged a \$50 fee per contract analyzed. Contact your state society or call 312-440-7479 for more information.

Please be aware that CAS provides only general information about the terms of agreements, which is not, nor is it intended to be, a substitute for legal advice. CAS never provides advice on the merits of a contract and never recommends whether a contract should be signed. A dentist should consult his or her own attorney for legal advice pertaining to the agreement submitted for analysis and should exercise independent judgment when deciding whether to sign a contract.

Non-Covered Services (2017)

SB 44 - Senator Allen Christensen; Rep Ray Ward
see Utah statute 31A-22-646.

40+ states have passed similar legislation

- A dental insurer is prohibited from setting fees for dental services that are not covered services under the dental insurance.
- A contract between a dental plan and a dentist to provide covered services may not prohibit a dentist from offering or providing noncovered dental services to a covered individual at a fee determined by the dentist and the individual who will receive the noncovered services.
- The state laws only apply to state regulated insurance plans. Nearly half of dental plans are federally regulated.

Retroactive Denials:

UCA 31A-26-301.6(14)

Nothing in this section may be construed as limiting the ability of an insurer to:

- (a) recover any amount improperly paid to a provider or an insured:
 - (i) in accordance with Section 31A-31-103 or any other provision of state or federal law;
 - (ii) within 24 months of the amount improperly paid for a coordination of benefits error;
 - (iii) **within 12 months of the amount improperly paid** for any other reason not identified in Subsection (14)(a)(i) or (ii); or
 - (iv) **within 36 months of the amount improperly paid** when the improper payment was due to a recovery by Medicaid, Medicare, the Children's Health Insurance Program, or any other state or federal health care program;

Prior Authorizations: (2019)

SB 264 Senator Evan Vickers and Representative Suzanne Harrison.
See statute UCA 31A-22-650.

In discussing Prior Authorizations, we should explain the **difference between Prior Authorization and Pre-Treatment estimates**

A Prior Authorization means the third-party payer has agreed to make payment for the services being sought prior to treatment (Usually Written)

This Legislative bill spelled out that a Prior Authorization, if done correctly, would be more like a **commitment or contract** by the third-party payer for payment

If the state regulated insurance company is not following this, we need to know the insurance company. Send us detailed information on these violations!!

Network Leasing: (2021) On Consent Calendar

HB 359 Representative Jim Dunnigan and Senator Karen Mayne
See UCA 31A-22-646.1

When a dentist signs up with a third-party payer to be a provider, the third-party payer leases that contract to other third-party payers. Now the dental office is contracted with more plans than they are often aware.

Also as part of 2021's HB 359, See UCA 31A-26-301.7.
An insurer may not maintain a dental plan that:

- based on the provider's contracted fee for covered services, uses **downcoding** in a manner that prevents a dental provider from collecting the fee for the actual service performed from either the plan or the patient; or
- uses **bundling** in a manner where a procedure code is labeled as nonbillable to the patient unless, under generally accepted practice standards, the procedure code is for a procedure that may be provided in conjunction with another procedure.

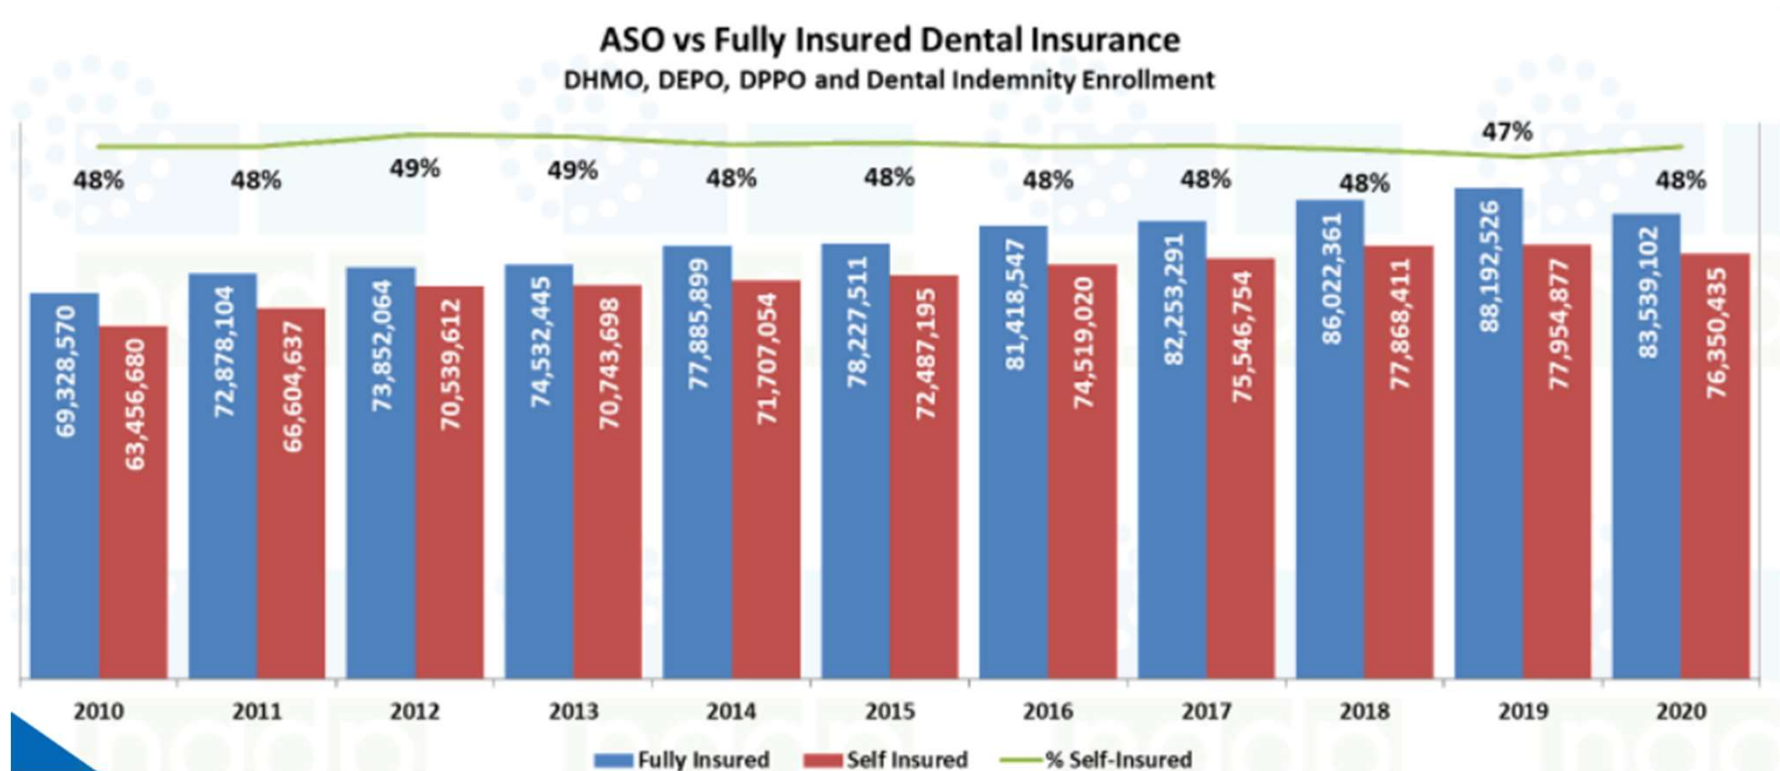

Virtual Credit Cards: (2020)

HB37 - Representative Jim Dunnigan and Senator Curtis Bramble
See UCA 31A-26-301.6

This gives dental offices an option to accept or opt out of Virtual Credit card payments methods. Thus, saving the office from the credit card fees associated with credit card payments.

This bill gives dental offices an option to accept or opt out of Virtual Credit Card payments methods

Fully Insured = typically **State Regulated**

Self Insured = typically **Federally Regulated - ERISA**

Call the 800 number on the patient's ID card

Patient ID Cards

As of July 1st, 2023 - Any new Patient ID card should have a designation to help a dental office determine if their patient's plan is **Self-funded** (typically Federally regulated - ERISA) or **Fully Funded** (typically state regulated)

The Utah law was passed in 2006 that required this designation of “state regulated”, to be listed on all state regulated plans patient ID cards

- a- This had been completely ignored by insurance companies for over 15 years
- b- The UDA successfully got the DOI to issue a bulletin to insurance companies to comply by July 1, 2023.

If the patient has a state regulated insurance plan and the ID card does not indicate state regulated, we need to know the insurance company. Send us detailed documented information on these violations!!

Virtual Credit Cards: (2020)

Filing a complaint to DOI

If there is no documentation submitted,
it didn't happen!

- ▶ UDA DIR Survey results
- ▶ The UDA sent to the insurance commissioners office.
 - ▶ 30 pages of over 250 dentist's complaints
- ▶ Need documentation, rather than just a verbal complaint to fight back
 - ▶ Virtual Credit Card issues - 2 months only?
 - ▶ Retro denials - Money being taken out of other patients claims or other providers?
 - ▶ Timely filings - 90 days to submit a claim or it's denied?
 - ▶ Non-covered services - What limits are being claimed by third-party payer?
 - ▶ Bundling or Downcoding - Identify what is being bundled and/or downcoded improperly?

Who has filed a complaint with DOI? - Describe the experience?

Controlled Substance Education Requirement for DEA Registration

Medication Access and Training Expansion (**MATE**) Act.

What this means to Utah Licensed dentists:

You likely already qualify without taking extra CE Courses

Why is that?:

- 1- If you **do not intend to apply for a DEA registration**, you are not affected.
- 2- This is a **One-time requirement of 8 hours of CE** on Controlled substances
- 3- There is a **box to check** on the DEA renewal application to comply
- 4- There are **no audits** or requirements to prove having taken the CE
(Unless you are being investigated for other DEA violations)
- 5- Utah **DOPL approved CE will count** for the MATE requirement
- 6- Dental school graduates in the past 5 years - your training counts as completed
- 7- Training taken is retro-active. **CE from the past counts**. No minimum date.
- 8- If you have been licensed in Utah for the past 8 years. And you have complied with Utah law for completing two hours of Controlled Substance Training each renewal cycle, You have already completed the training.

Controlled Substance CE available free to members at uda.org

E-prescribe law -

The DOPL rule filing allowed an extension until January 1, 2024

The UDA has negotiated an exemption for those prescribing fewer than 10 Controlled Substances a month.

The exemption to the law is anticipated to go into effect Nov 1st, 2023

There are TWO required steps to take if not e-prescribing Controlled Substances.

- 1-** There will be a form to submit to DOPL for the exemption. This is an agreement to write less than 10 CS prescriptions a month. (available Nov 2023)
- 2-** You will need to print or write on every CS prescription: “**Unable to submit electronically**” or “**Exempted from e-prescribing**”. (Medicaid/Medicare)

For those licensed and engaged in using **Moderate Sedation:**

R156_69-302a (2) is modified to lessen the regulatory burden on dentist who perform moderate sedation by reducing the requirements for monitoring patient oxygenation to the use of an oximeter. The rule is also changed to require one person to be in the operatory that is ACLS/PALS certified instead of two.

This is anticipated to go into effect Nov 1st, 2023
